HELPFUL HINTS

1. Always keep your receipts (Registration, Pass/Fail, Withdrawal, etc.) to help resolve potential errors.
2. Be aware of deadline dates (ex. add/drop period, course withdrawal, pass/fail, and pre-registration). The semester calendar is on this page. Failure to comply with appropriate deadlines can result in severe academic or administrative penalties.
3. Drop or withdraw from courses by appropriate deadlines. If you are registered for the course, you are responsible for dropping or withdrawing from it whether you attended the class or not. If the professor crosses your name off the class list, you must still drop or withdraw from the course through the Registration Center.
4. Expect a schedule confirmation of courses for which you registered about three weeks into the semester. If you don't receive one, check with the Wheatley Registration Center.
5. Expect a bill for the amount of credits for which you registered. Review the bill carefully. Make sure you are billed for the appropriate number of credits. If you don't receive a bill check with the Bursar's Office.
6. Keep your address up to date in the Office of the Registrar. This is our best means of communication.
7. Keep your schedule books and/or schedule cards. You will need them for Final Exam room assignments.

HOW TO REGISTER

The period from November 27-December 1, 1989 has been set aside for registration for Spring 1990.
Please read the following instructions carefully so that you will understand how to register for next semester.
Pre-Registration Forms will not be accepted after December 1, 1989.

Where To Obtain Your Registration Forms

1. CAS declared majors at major departments.
2. CAS undeclared majors should go to Academic Support Services, M-3-130.
3. CPCS registration materials can be picked up at Enrollment Services, 1st floor Park Square.
4. Management majors at McCormack Hall, 3rd floor, Room 415.
5. Nursing majors at Science Building, 3rd floor, Room 012.
6. Physical Education majors at Wheatley Building, 3rd floor, Room 154-31.
7. Education majors at Wheatley Building, 2nd floor, Room 99-5.

FORMS MUST BE RETURNED TO THE APPROPRIATE OFFICE BY DECEMBER 1, 1989.

- CPCS students should return their forms to the Office of Enrollment Services, 1st floor Park Square.
- Continuing students who do not submit registration forms by December 1, 1989 will be assessed a $25 late registration fee. The next available time a continuing student can register for Spring 1990 will be Add/Drop period beginning January 31, 1990.

Registration Forms

1. Each student is given a form on which to register. This form allows the option of registering for nine courses or seven courses with two alternates.
2. **Free Time Exempt Form** — These forms are used so that students may indicate particular hours during which they do not wish classes to be scheduled. To insure that the information can be interpreted, it is essential that a #2 pencil be used to fill in the slots corresponding to the times and days of the week during which you do not want classes scheduled.
   Use of these forms do not enhance your chances of receiving a section that you request, they could in fact limit your ability to obtain a course because you will not be assigned to sections that meet at hours from which you have exempted yourself. Use of these forms could limit your chances of receiving a full schedule.
3. The registration form and time exemption form are read by machine. This means the markings must be completed carefully, i.e., no erasures, stray marks, folds, etc. A #2 pencil must be used.

Semester Schedule Booklets

The schedule booklet is the list of courses that will be offered in the Spring '90 semester. Your program for the next semester should be chosen from this booklet, along with the course addenda which is a list of changes made to the semester booklet (added sections, cancelled courses, etc.). Please do not select courses from the schedule booklet without checking the addendum as changes may have been made.
The University course listing is a complete listing of courses offered with descriptions. University requirements are also listed in this book.
STUDENTS WHO OWE FOR A PREVIOUS SEMESTER WILL NOT BE ALLOWED TO REGISTER FOR FUTURE COURSES.
AFTER PAYING STUDENTS MUST APPLY FOR READMISSION. IF NOT PAID BY DEADLINE, STUDENTS MUST WAIT UNTIL FALL 1990 FOR READMISSION.

HOW TO FILL OUT YOUR REGISTRATION FORMS

1. Be sure that all numbers are penciled neatly and completely. Double check to see that entries are accurate. If a number is incorrect or illegible or not blocked in totally, the entire transaction will be invalidated.
2. Use the 6 digit schedule number assigned to the specific section of the specific time you wish to take the course (see example 1 below).

DEPT.	COURSE SECTION	SCHEDULE NUMBER	TITLE MEETING TIMES	BLDG. FLR. RM.	CR	INSTRUCTOR
P—H—I—L—O—S—O—P—H—Y						EXAMPLE 1

	7	146343	MWF 10:30	1-1-054	ANDIC	

3. When registering for a course with 2 or more parts (lec., lab) be sure to include all parts or you will arbitrarily be assigned the missing portions (see example 2 below).

4. **Alternate Choice** — Some choices are listed with the notation "Alternate choice advised". This is used for courses which in the past have been consistently overenrolled. This does not mean you cannot request one of these courses, only that you would be well advised to consider making an alternate choice along with this request. It would also be helpful to use the 2 alternate choices whether or not it is specifically advised as their use enhances a student's possibility of obtaining courses. Alternates must be a different course — not a different section of the same course. For example: Alternate 1 will be considered only if course request 1 cannot be scheduled. Similarly, alternate 2 will be considered only if course request 2 cannot be scheduled. Alternates are not transferable from one choice to another.

IMPORTANT REGISTRATION INFORMATION

Submission of a registration form and acceptance into a course(s) incurs a financial obligation for that course(s).

Your obligation can only be removed if you withdraw from the University prior to the start of the semester.

Your tuition and fees will be reduced if you:

1) Reduce your course load during the Add/Drop period or
2) Completely withdraw from the University prior to the sixth week of the semester.

Your are financially responsible for any register course(s) remaining on your schedule as of the end of the Add/Drop period, even though you:

1) Completely withdraw from the University after the sixth week of classes or
2) Reduce your course load after the Add/Drop period or
3) Receive a grade of "NA" (see below)

Failure to attend classes does not constitute a withdrawal. A withdrawal is an administrative procedure, and a withdrawal form must be completed by the student and submitted to the Office of the Registrar. If you have not dropped a course by the Add/Drop deadline, not only will you be liable for the tuition but you will also receive one of three grades. One, the grade of NA (not attending) will be given if your instructor takes attendance and submits the grade of NA to the Wheatley Registration Center. Two, if the instructor does not submit an NA list and you do not drop or withdraw from the course you will receive the grade of F. Three, the grade of W if you submit the appropriate course withdrawal form to the Wheatley Registration center by the published deadline.

Blocks eight and nine may be used where the Schedule Booklet indicated "alternate choice advised" because of frequent over-subscription. Otherwise, regular choices can be entered in eight and nine.

If one of these forms cannot describe the particular configuration of your course choices, a second form with additional information may be filed.

Carry completed form to the Appropriate Office.

COLLEGE OF ARTS AND SCIENCES GRADUATION REQUIREMENTS

The undergraduate curriculum in the College of Arts and sciences is divided into three parts: preparation in general education, a major field of study, and electives to complement the breadth and depth of a liberal education. To assure that all students who are graduated from the College of Arts and Sciences have completed a rigorous and coherent course of study, the college has established a series of seven requirements for the Bachelor of Arts (BA) degree. Students in certain fields may receive a Bachelor of Science (BS) degree by completing an eighth requirement.

1. Freshman Writing Requirement

CAS students must take a year of Freshman composition (English 101 and English 102) or gain a waiver. Freshman Composition teaches the fundamentals of expository writing and the presentation of research. Expository writing skills are necessary for term papers and written presentation of ideas in all CAS disciplines. Students who place into English 010 on the English Placement Test must complete the composition sequence Eng 010, Eng 101, Eng 102. Transfer students must complete English 102 or gain a waiver regardless of course credit for freshman composition from other institutions.

2. The Core Requirement and 3. The Distribution Requirement

To assure that they develop a broad familiarity with the range of human knowledge, CAS students are required to take twelve courses distributed among the following six or seven broadly defined areas:

I. **The Arts** approach the world through an awareness and use of forms of creative expression such as music, drama, literature, paintings, sculpture and architecture.

II. **Historical and Cultural Studies** concern the reconstruction and interpretation of the human past and seek to understand both literate and non-literate cultures.

III. **Philosophical and Humanistic Studies** focus on the analysis of concepts and values, social, ethical, religious and cognitive, and interpret the world through the critical application of such concepts and values to experience.

IV. **Social and Behavioral Sciences** such as anthropology, economics, psychology, politics, and sociology analyze the world in terms of structures and processes of behavior, of social interaction, and of institutions.

V. **Natural Sciences** seek an experimental understanding and application of the laws that explain natural phenomena and approach the human world through the study of its natural elements, structures, and processes.

VI. **Mathematics and Computer Sciences** exhibit self-enclosed symbolic systems whose analytic pleasure and practical uses extend our sense of the nature and processes of human thought and the management of reality.

VII. **Foreign Languages** provide an understanding of human thought, feeling and culture through a study of the structures, meaning, functions, and development of speech; the study of a language not one's own improves mastery of one's own language and contributes eventually to the understanding of another culture.

For most students the twelve courses will include 5 C Core courses and 7 Distribution courses. Some students, however, are not required to take C courses and will take twelve distribution courses. See the outline below to find out which applies to you.

Core Courses

Students required to take 5 C courses must take three at the 100 level and two at the 200 level.

Core courses are designated by a C in the course number (e.g., Philosophy C108) and are commonly referred-to as C courses. Core courses are specifically designed to introduce students to broad conceptions of knowledge and the skills of writing, critical thinking and quantitative reasoning that are necessary for understanding them. They are introductory in character, but not designed as preparation for a specific discipline or as the basic course in a departmental major. C courses are limited in enrollment in order to provide more intense instruction in academic skills. NO MORE THAN FIVE C COURSES MAY BE COUNTED TOWARD GRADUATION CREDIT.

Distribution Courses

With a few exceptions, all 100-level and 200-level CAS courses of 3 or more credits are assigned to one of the seven core/distribution areas and count toward fulfilling the requirement. These courses contribute to general education through their breadth of knowledge in one of the following ways: they survey a discipline,

they offer an interdisciplinary approach to the subject matter, or they use a relatively narrowly defined topic to investigate major themes in an area of study.

The twelve Core/Distribution courses taken as a whole must be distributed in six or seven of the areas. As many as three courses may be counted in only ONE area, with a maximum of two in the other areas. Students beginning a foreign language at the 101 level must pass two semesters of that language in order for them to count in the distribution. It is possible to waive foreign language and mathematics distribution requirements; see section on "Waivers."

Check the entry dates below to find out which version of the Core/Distribution applies to you:

Students who matriculated Fall 88 and thereafter

FRESHMEN OR TRANSFERS WITH FEWER THAN 30 CREDITS must include five C courses among the 12 courses: three C100-level courses and two C200-level courses

TRANSFER STUDENTS who enter with 30+ credits are required to fill the distribution requirement. They are not required to take C courses. If they do, they are subject to the limit of three C100 courses and two C200 courses.

Students who matriculated from Fall 85 through Spring 88

ALL STUDENTS, TRANSFER AND FRESHMEN, are required to include 5 C courses among the 12 distribution courses. Transfer courses assigned to the Arts, Historical/Cultural, Philosophical/Humanistic areas count toward fulfilling the c course requirement. To ascertain which and how many transfer courses were assigned as C core courses students should refer to the Transfer Course Evaluation they received from the Admissions Office when they were accepted or to an "internal" transcript. Upon completion of the C course requirement no more C courses will count toward the 120 credits required for graduation.

Students who matriculated before Fall 85

These students should see an academic advisor to determine core curriculum requirements.

4. The Writing Proficiency Requirement

Both the overall design of the Core Curriculum and the materials and methods of individual core C courses assist students in acquiring critical skills. Foremost among these is the ability to present ideas clearly, correctly and persuasively in English prose. For this reason, the College requires students to demonstrate proficiency in writing by either passing a proficiency examination or submitting a satisfactory portfolio of papers before the beginning of the junior year. This requirement holds for all students who entered CAS as freshmen in September 1978, or thereafter and £or transfer students who entered CAS in January, 1979 or thereafter. Students absent from the College for two or more years and readmitted since Spring 1985 must also pass the requirement prior to the junior year or before their second semester of full-time enrollment. Further information about the Writing Proficiency Requirement is available in the College's Office of Academic Support and advising.

The Writing Proficiency Examination; The examination is given three times a year. Dates are posted in the Office of Academic Support and Advising and in the Mass Media. A student should sign up one month in advance of the scheduled date in order to prepare the assigned materials,which should be picked up when the student signs up for the exam. In order to pass the examination, the student must write an acceptable essay based on a set of readings and a question designed to elicit evidence of thorough understanding of the readings, as well as the ability to synthesize material, draw inferences, and construct a well-organized response in good English.

NOTE that the Writing Proficiency Exam IS NOT THE SAME as THE ENGLISH PLACEMENT TEST, which all students take upon entrance to the College.

The Portfolio: The portfolio is an alternative method of demonstrating writing proficiency. It may be submitted at any of the scheduled exam times and in October. It consists of four papers, each at 1 east five typewritten pages in length. Three of these are expository papers, written for courses, and based on reading materials. The instructor's assignment and verification of originality must be included for each of the three course papers. The fourth essay is a new one, written on a topic and series of readlngs distributed by the office of Academic Support and Advising.

Failure to take/pass the examination/portfolio: Students who have not satisfied the writing proficiency requirement by the time they have accumulated 68 credits must take AS 044, a critical reading and writing course designed to help students pass the requirement. Students with 68-89 credits must have their schedules approved by the Director of the Writing Proficiency Program. Students with 90 or more credits who have not taken/passed the examination/portfolio are suspended until they have completed the requirement.

5. The Total Credit Requirement

CAS students must acquire a minimum o£ 120 credits to graduate. A maximum of 4 of the 120 credits may be earned in Academic Skills courses. Credits earned in ESL courses, other than ESL 100D, do not count toward graduation. At least 30 of the 120 credits required for graduation must be earned from the University of Massachusetts-Boston.

6. The Major Requirement

CAS Students must complete the requirements of one of the majors offered by the college. Major requirements are listed by department in the University Bulletin. Students also have the option of designing an individual major under the supervision of a faculty member. Information on the Individual Major is available from Academic Support and Advising.

7. The Grade Point Average Requirement

Students must achieve a minimum cumulative grade point average of 2.0 in order to graduate. Students who do not maintain the minimum cumulative average required for retention are subject to warning, probation, suspension, or dismissal. See the University Bulletin for details. Some major programs also require that students maintain a 2.0 in courses taken toward the major. Consult major departments for more information.

8. The Bachelor of Science Requirements (optional)

CAS students majoring in biology, chemistry, earth science, mathematics and computer science, physics or psychology have the option of earning a Bachelor of Science degree. To qualify for a BS degree a student must, in addition to fulfilling the seven preceding requirements, complete six semester courses outside the major discipline from other sciences. Specific BS degree requirements for each major are listed in the University Bulletin under the major department.

WAIVERS

The Freshman writing Requirement may be waived. Students should inquire at the Department of English.

Students who present evidence through placement scores or transcripts of intermediate proficiency (equivalent to the fourth semester of college work) in a foreign language will receive a waiver for two Foreign Language courses toward the distribution requirement. Native speakers of languages other than English are encouraged to apply for this waiver. Students granted a waiver in a Foreign Language need take only ten courses toward the distribution requirement. Students receiving a BS degree need only show evidence of elementary proficiency in order to waive these courses.

Students who present evidence through placement scores or transcripts of work in Mathematics equivalent to college calculus (Math 141) will receive a waiver for two Mathematics courses toward the distribution requirement. Students granted a waiver in Mathematics need take only 10 courses toward the distribution requirement.

Students who receive waivers in both Foreign Language and Mathematics need take only 8 courses in the distribution requirement.

There are no waivers for the Writing Proficiency Requirement.

COLLEGE OF ARTS AND SCIENCES COURSE LOAD POLICY

Students may enroll for no more than fifteen (15) credits. After the first semester, however, students may take additional course credits under the following conditions:

A. The student's overall grade point average is 3.0 (or above) or the grade point average for the previous full-time semester is 3.5 or above.
B. Written permission is secured from the Associate/Assistant Dean for Academic Studies.

INCOMPLETE POLICY

The grade incomplete (INC) is reported only where a portion assigned of required class work, or the final examination, has been completed because of serious illness, extreme personal circumstances, or scholarly reasons at the request of the instructor. If the student's record is such that s/he would fail the course regardless of the missing work s/he fails.

Permission of the instructor must be obtained and the **Form for Grade Incomplete** must be completed. These forms can be obtained from the appropriate Departmental offices.

A student receiving the grade of "incomplete" is allowed one year in which to complete the course. The new grade must be submitted to the Registrar's Office by the grading deadline for that semester, i.e., by the end of the **next fall** semester for fall incompletes. The grade for any course not completed by this deadline will be converted to the grade of "F," and the student will not be allowed to complete the course.

N/A GRADE

The N/A grade may be placed on a student's transcript if the student has:

registered for a course, and
did not attend the course during the Add/Drop period, and
failed to drop the course by the published Add/Drop deadline and if faculty take attendance and submit N/A grade roster by designated deadline.

The N/A grade does not affect a student's grade point average. The student is, however, responsible for all tuition and fees for the N/A course. The only condition in which the N/A grade may be removed from a student's transcript is if the student specifically withdraws from the course on or before the published withdrawal deadline.

Faculty who take attendance may submit an N/A by the designated deadline usually during the first month of the semester.

PASS/FAIL OPTION

A student may elect one course each semester, up to a maximum of eight in his or her work at the University to be taken on a Pass/Fail basis. The grade of "P" will be given for a successfully completed Pass/Fail course; it will be included in credit toward graduation, but not in the cumulative quality point average. The grade "F" will count as a failure. To take a course on a Pass/Fail basis, the student must complete a Pass/Fail option card for the course, available at the Office of Registration and Records, at the time announced during each semester. A Pass/Fail request cannot be withdrawn after the deadline. Note: each student should carefully check the requirements of his or her college and major department, or professional program, before exercising the Pass/Fail option.

READMISSION

As of October 16, 1989, students applying for readmission to the University will be charged a $5.00 non-refundable application fee. Apply through the Office of the Registrar before November 1 for the Spring Semester and before June 1 for the Fall Semester.

CLASS ATTENDANCE

Students whose names appear on a course roster may be asked to drop the course or be added to the end of the waiting list at the end of the second class session if they have not attended either class or have not communicated their intention of attending the class to the instructor or the department chair in writing. In the case of a class that meets only once a week, failure to attend or to communicate the intention to attend either to the instructor or department chair by the beginning of the second meeting will result in the same action.

MANAGEMENT MINOR FOR CAS STUDENTS

The College sponsors a minor in management in collaboration with the College of Management. Prerequisites include Econ 101, Econ 102, Math 110, Statistics, the completion of 45 credits, a grade point average of at least 2.75 and completion of prerequisite site courses with a B- or better. More information and application forms are available in the CAS Office of Academic Support and Advising. Application Deadline for Fall 1990: March 1, 1990.

RESIDENCY RECLASSIFICATION

Appeal of Out-of-State Residency Billing Status must be filed no later than the last day of the Add/Drop Period. Appeals must be filed on the appropriate form with the office of the Associate Dean of Enrollment Services, located in the Office of Enrollment Services, 2nd floor, Quinn Administration Building.

COURSE REPETITION POLICY

The Faculty Council and the Chancellor have approved a new course repetition policy. This policy was effective Summer, 1988.

These are the highlights of the policy that you should know about:

- you may repeat any course regardless of the grade you earned in the course (previously you could repeat a course only if you got a grade of "F").
- you may repeat a course **only once** (previously you could repeat a course as many times as it took to remove a grade of "F").
- you may choose to exercise the option of repeating courses only four times in your undergraduate career.
- if you choose to repeat a course, both grades for the course will be posted on your transcript but only the second grade will be counted toward your G.P.A.

Do you have any questions about this new policy? We bet you do! Here are some of the most commonly asked questions we've encountered so far. If you have any questions we don't answer below, call the Office of the Registrar at 929-7200 or stop by the office located in the Administration Building, 1st Floor.

Q: I've taken Spanish 101 and 102. Can I repeat Spanish 101 for a better grade?
A: No. Courses that are offered in sequence cannot be repeated out of sequence.
Q: I'm repeating a course for the second time this semester. I didn't know about this policy until now and you've said that I can repeat a given course only one time. Will you count the grade I get this semester?
A: Yes. We will start implementing the restrictions of the new course repetition policy beginning Fall semester, 1989.
Q: I've withdrawn from a course. If I retake this course will it count as one of the four times I am allowed to repeat courses?
A: No.
Q: I've already repeated four courses in my career at UMass/Boston. I have to repeat another course to get into my major. What can I do?
A: Exceptions to the new course repetition policy can only be granted by the *Committee of the college that is offering the course you want to repeat.* You must check with that college's committee.
Q: What happens if I repeat a fifth course?
A: That course will not appear on your transcript. Nor will you receive credit for it toward your graduation.
Q: Should I inform someone if I want to repeat a course?
A: Definitely! You should always check with your advisor before repeating a course. In addition, **after** you repeat the course, you must fill out a Course Repeat Card in the Office of the Registrar, Administration Building, 1st Floor.

HELPFUL HINTS

1. Always keep your receipts (registration, pass/fail, withdrawal, etc) to help resolve potential errors.

2. Be aware of deadline dates (ex. add/drop period, course withdrawal, pass/fail and pre-registration). The semester calendar is on the first page. Failure to comply with appropriate deadlines can result in severe academic or administrative penalties.

3. Drop or withdraw from courses by the appropriate deadlines. If you are registered for the course, you are responsible for dropping or withdrawing from it whether you attend the class or not. If the professor crosses your name off the class list, you must still drop or withdraw from the course through the Wheatley Registration Center.

4. Expect a schedule confirmation of courses for which you registered about three weeks into the semester. If you don't receive one, check with the Wheatley Registration Center.

5. Expect a bill for the amount of credits for which you registered. Review the bill carefully. Make sure you are billed for the appropriate number of credits. If you do not receive a bill check with the Bursar's Office.

6. Keep your address up to date in the Office of the Registrar. This is our best means of communication.

7. Keep your schedule books and/or schedule cards. You will need them for Final Exam room assignments.

After you have completed your registration, and if you do not intend to make any further changes during the Add/Drop Period (i.e. you are not on any waiting lists) you may turn in your form at the check-out table in the gym. IMPORTANT- make sure all the schedule numbers are blocked in at the bottom of the form and your seven-digit student number is blocked in at the top of the form. Use a #2 pencil only.

6. Make sure you obtain and keep a receipt of your transaction at the check-out table to prevent any further problems with your registration.

7. IF YOU ARE EXPERIENCING ANY PROBLEMS OR NEED FURTHER INFORMATION REPORT TO THE REGISTRATION TABLE IN THE GYM.

8. If you plan further changes keep your form and follow the instructions outlined below for the February 5th - February 9th Add/Drop period.

Box "B"

Instructions for adding and dropping courses during the Add/Drop Period February 5 - February 9

Add- You should attend the course you wish to be admitted to and speak to the instructor. If the instructor is willing to admit you to the course, have him/her sign the Add/Drop form in the Add section in the area marked: "Approval". Fill out the schedule number and the name of the course and return the form to the Registration Center (Wheatley Hall, 1st floor) by February 9th.

ALL FORMS MUST BE RETURNED TO THE REGISTRATION CENTER (WHEATLEY HALL) WITH ALL THE NECESSARY SIGNATURES BY FEBRUARY 9TH TO COMPLETE YOUR CHANGE IN REGISTRATION.

IMPORTANT REMINDER

You will be given a two part Add/Drop form. The bottem copy will be your receipt for all Add/Drop transactions. Please keep your copy in case there are any discrepancies with your final schedule.

IMPORTANT REMINDER - Remember that any course that you registered for during the November 27 - December 1 1989 registration period or any course added during the Add/Drop period is your responsibility. If you do not intend to take a course you must drop it by February 9th ; otherwise, you will have to officially withdraw from the course by April 6 to receive a "W" in which case you will be charged the complete tuition for the course. Failure to complete either of these steps will result in the grade of "F". Please follow the deadlines and keep a receipt of your transactions. You are financially accountable for all courses not dropped by February 9th.

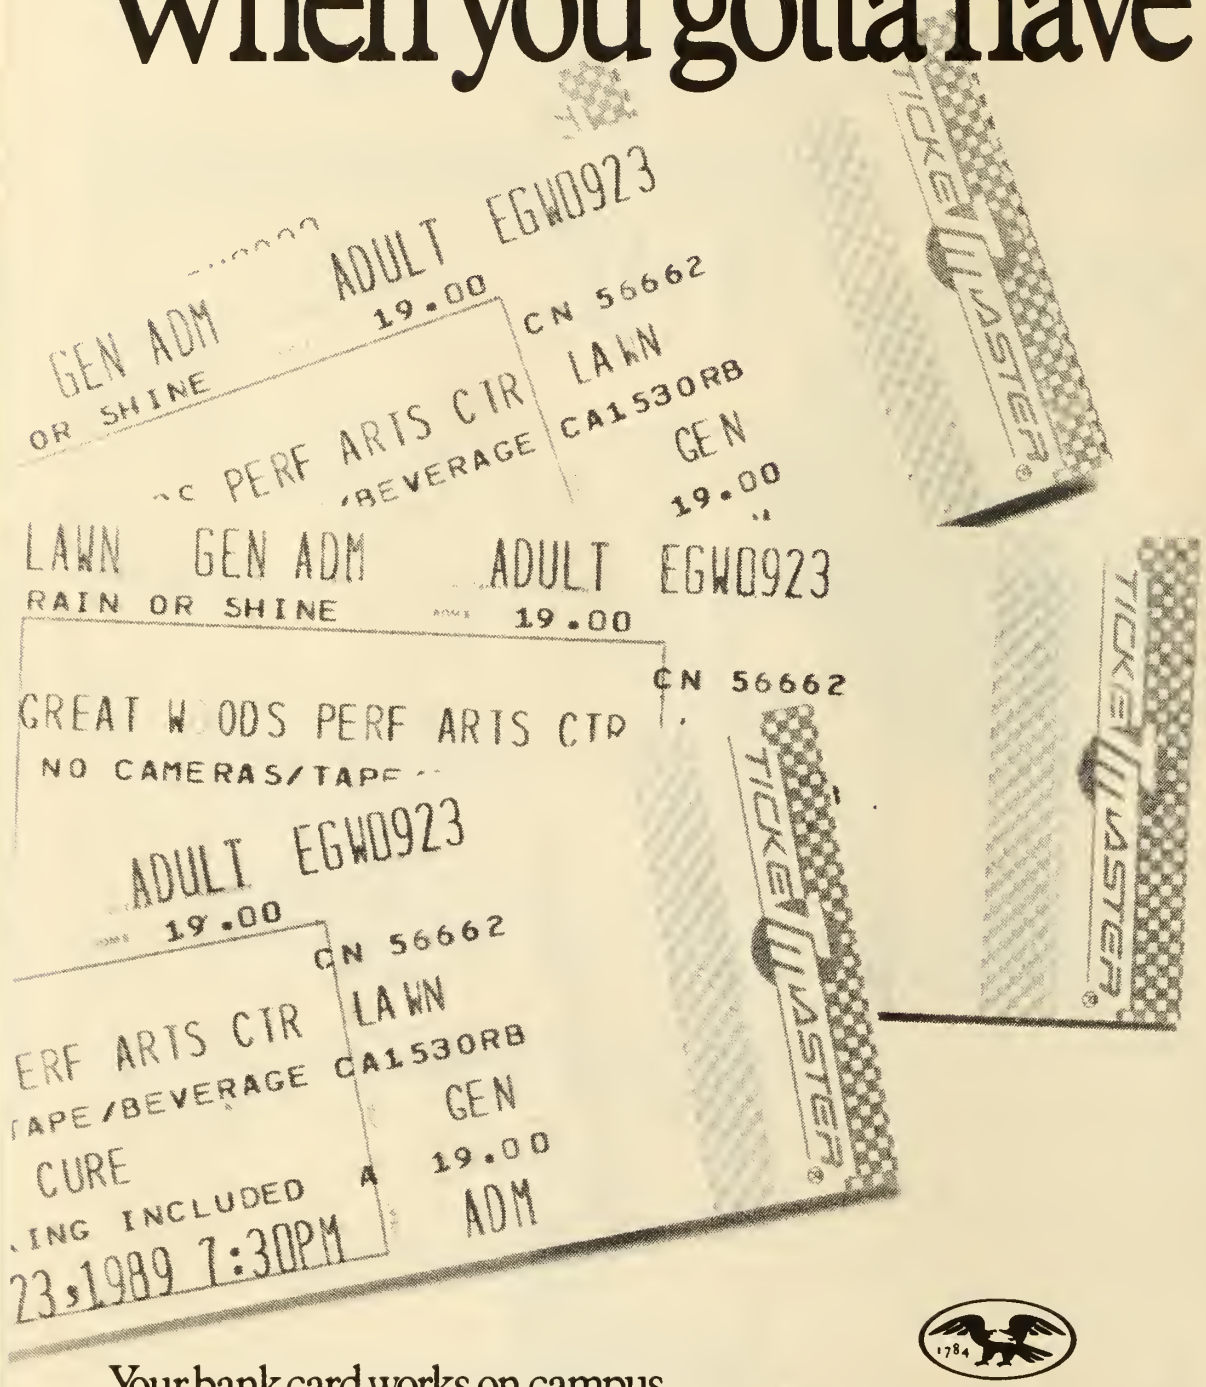
When you gotta have it...



Your bank card works on campus.

Whether you're from Arizona or Arkansas, Michigan or Massachusetts, your current banking card probably works in our Automated Teller Machines (ATMs). That's because Bank of Boston is connected to the YANKEE 24®, NYCE®, and PLUS SYSTEM® networks. So chances are, your card works in our cash machines. And we've got one conveniently located in the Sherman Student Union Building.

So when you gotta have that late-night pizza, when you just can't do without that new CD, or when you simply must see that band that's in town for just one night, stop by Bank of Boston's ATM. Satisfaction guaranteed.

THERE ARE TWO SIDES TO BECOMING A NURSE IN THE ARMY.

And they're both represented by the insignia you wear as a member of the Army Nurse Corps. The caduceus on the left means you're part of a health care system in which educational and career advancement are the rule, not the exception. The gold bar

on the right means you command respect as an Army officer. If you're earning a BSN, write: Army Nurse Opportunities, P.O. Box 7713, Clifton, NJ 07015.

ARMY NURSE CORPS. BE ALL YOU CAN BE.

35mm Color

Prints and Slides from the same roll

Seattle FilmWorks has adapted Kodak's professional Motion Picture film for use in your 35mm camera. Now you can use the same film—with the same fine grain and rich color saturation—Hollywood's top studios demand. Its wide exposure latitude is perfect for everyday shots. You can capture special effects, too. Shoot it in bright or low light—at up to 1200 ASA. All for a surprisingly low processing cost. And Seattle FilmWorks lets you choose prints or slides, or both, from the same roll—without the high cost of slide film. Try this remarkable film today!

Kodak, 5247 and 5294 are trademarks of Eastman Kodak Co. Seattle FilmWorks is wholly separate from the manufacturer. Process at Seattle FilmWorks with limited availability from other labs. 1987 S.F.W.

SEND ME 2 ROLLS FREE!

☐ RUSH me two 20-exposure rolls of Kodak MP film, Eastman 5247® (200 ASA) and 5294® (640 ASA). Enclosed is $2 for shipping and handling. 100% Satisfaction Guaranteed

EXTENDED DAY PROGRAM
Spring 1990

The Schedule which appears in the following pages is for the convenience of students taking courses in what we call our "extended day" — the late afternoon and evening hours. The majority of these courses begin at 6:00 p.m. (18:00 hours) and meet once a week for two and one half hours Monday through Thursday evenings; the rest meet twice a week for one hour and fifteen minutes.

In these pages we have listed all courses, undergraduate and graduate, according to the academic programs that offer them. We have also listed the undergraduate courses according to the days of the week on which they meet.

Programs Available In the Evening

Many of the University's more than sixty degree programs are represented by extended day courses. In some programs, students can complete all degree requirements through evening study alone — that is, by taking courses scheduled after 5:00 p.m. These programs are:

Management

Psychology
Sociology

Graduate

American Civilization
Bilingual/ESL Studies

GRADUATE ADMISSIONS AND RECORDS

GRADUATE STUDENT REGISTRATION INFORMATION

Advance Registration - November 27-December 1

All continuing matriculated graduate students are eligible to advance register. Matriculated graduate students pick up registration forms from the Graduate Program Director. After the form is completed and signed by the Program Director, it may be left with the Program Director or submitted to Graduate Admissions and Records. Continuing students who do not register during this period will be charged the $25.00 late registration fee.

Non-degree graduate students are not eligible to register until February 5, 1990.

Add/Drop Period - February 1, 1990-February 9, 1990

Registration for new matriculated students begins on February 1. Continuing students who did not advance register or who wish to change their schedule should do so during this period. Registration forms will be available in the Graduate Program Director's Office. Completed forms for continuing students and new matriculated students may be left with the Program Director or submitted to Graduate Admissions and Records.

Non-Degree Student Registration - February 5, 1990-February 9, 1990

New non-degree students should complete a Graduate Special Student Registration Form. The completed form must be submitted to the Office of Graduate Admissions and Records with a check for the full amount of tuition and fees. Continuing non-degree students should complete an add/drop form which may be left with the Graduate Program Director or submitted to Graduate Admissions and Records.

Important Reminders

---- Be sure to retain the bottom copy of your registration form.

---- If you owe money for a previous semester, you will not be allowed to register unless your financial obligation is cleared by Friday, January 19, 1990.

---- Continuing matriculated students who were not enrolled in courses during the Fall semester 1989 will not be allowed to register if the program fee was not paid by November 10, 1989. Students who did not pay the program fee by November 10 will be required to submit a readmission form with the approval signature of the Graduate Program Director and the required fees by January 2, 1990.

---- When you submit the registration form you incur a financial obligation to the University. Your financial obligation will be reduced if you reduce your course load by February 9, 1990, or if you withdraw from the University by the fifth week of the semester. The reduction schedule is published in the Graduate Studies Bulletin. Failure to attend class does not remove your financial obligation.

DIVISION OF CONTINUING EDUCATION

Evening Courses Off-Campus
Saturday Courses On-Campus

The University courses which appear on the following pages are offered during the evening at off-campus locations and on Saturday mornings at the Harbor Campus as well as the Downtown Center in Park Square. Most classes meet once a week for two and one-half hours. These courses are open to all UMass/Boston students and are applicable to bachelor's degree requirements. Students (including financial aid recipients) are free to combine day, evening on-campus, evening off-campus, and Saturday classes during any semester.

Registration

To register for an off-campus or Saturday course, you must fill out a continuing education registration form at the Office of the Division of Continuing Education (Wheatley 2/203). The office is open from 8:30 a.m. to 7:00 p.m., Monday through Thursday and from 8:30 a.m. to 4:30 p.m. on Friday. Continuing Education course fees are computed at the rate of $65 per credit and are separate from on-campus tuition charges. Students registering for off-campus or Saturday classes also pay $25 in registration and service fees but do not pay health, athletics, or activities fees. Full payment is required at the time of registration. The Division of Continuing Education accepts MasterCard and VISA for the payment of off-campus and Saturday course fees.

Support America's colleges. Because college is more than a place where young people are preparing for their future. It's where America is preparing for its future.

If our country's going to get smarter, stronger—and more competitive—our colleges and universities simply must become a national priority.

Government. Business. And You. We're all in this together. Because it's our future.

So help America keep its competetive edge with a gift to the college of your choice—and you'll know you've done your part.

Give to the college of your choice.

IN-DEPTH TRAINING

Engineering is clearly a career with a future.

And there's no better place to develop the technical skills and leadership qualities you'll need to be a success in that career than in today's Navy.

If you qualify to serve as a Navy officer, you'll get all the technical training, challenge and responsibility you can handle.

You'll play a key role in an organization that is a recognized leader in today's technology—especially nuclear energy. And you'll be part of an elite Navy team.

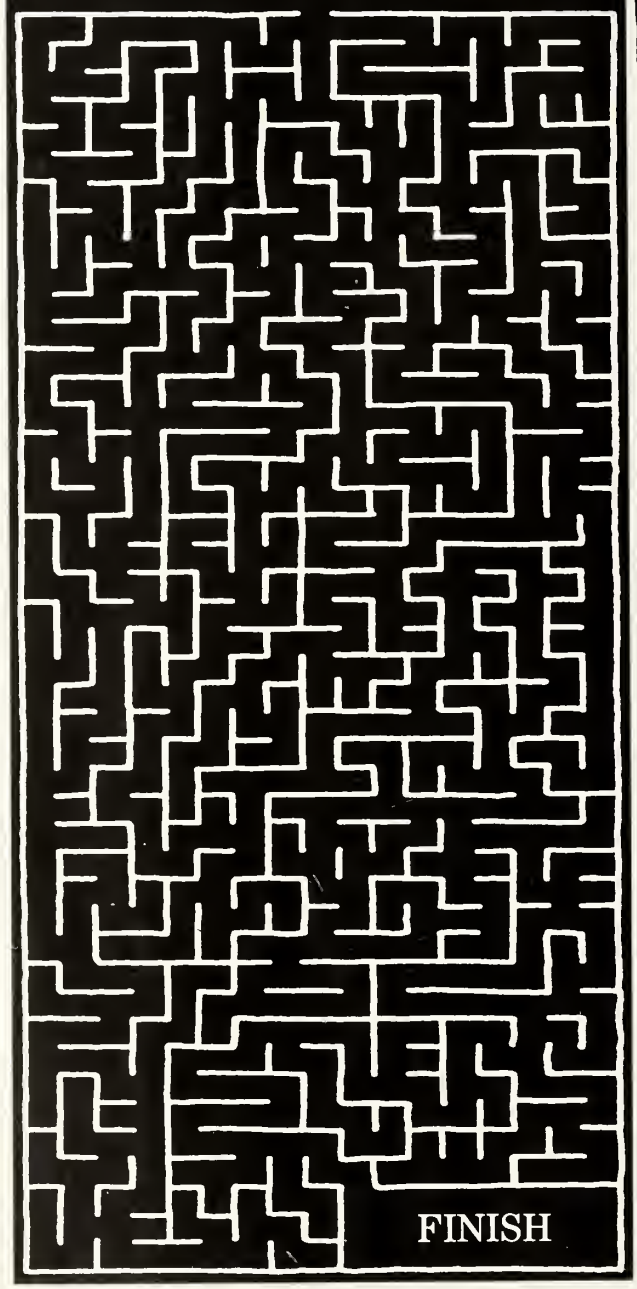
See your Navy Officer Programs Officer today or call 1-800-327-NAVY.

Get a deeper understanding of tomorrow's technology. In today's Navy.

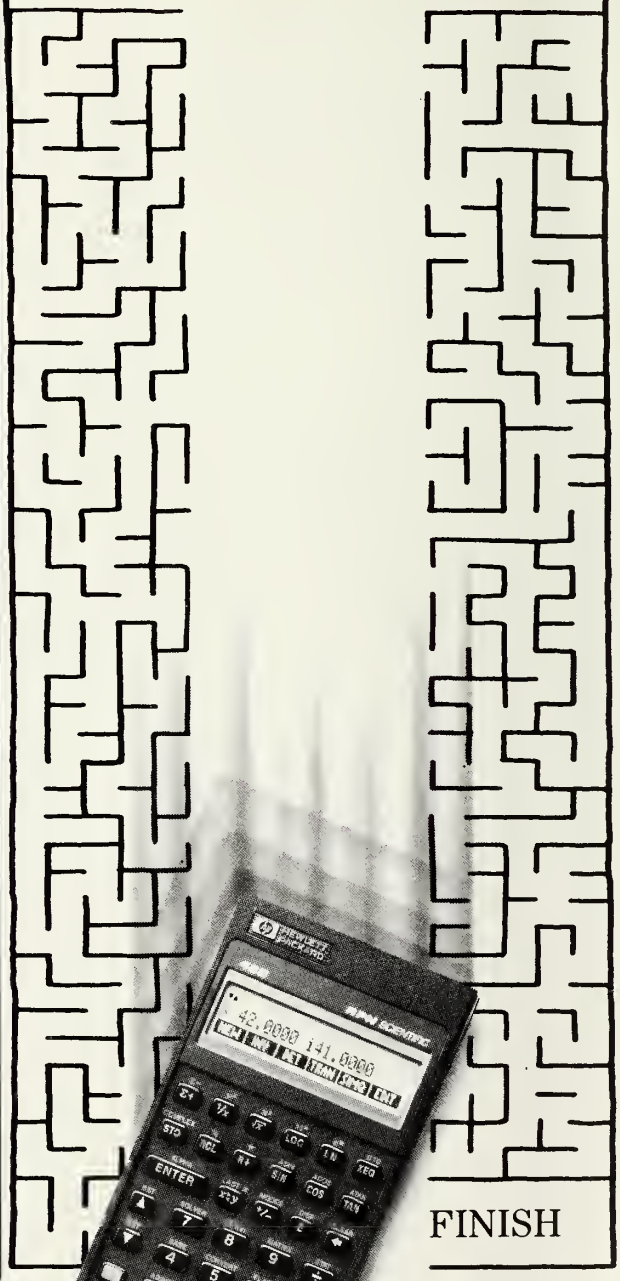
NAVY OFFICER

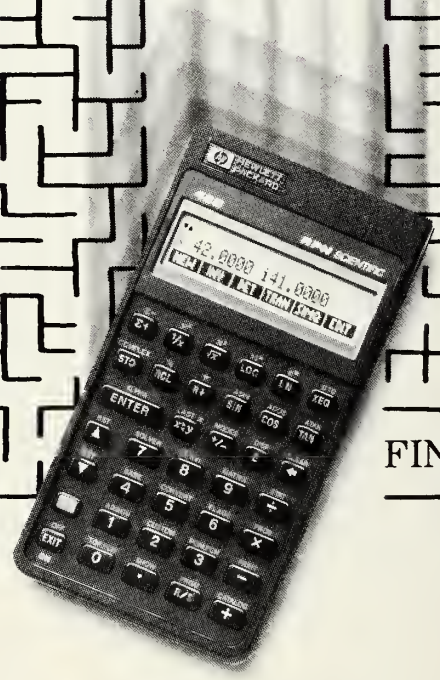
You are Tomorrow. You are the Navy.

Their way.



Our way.





You can save literally days of work between now and graduation. Simply by using an HP calculator. To keep you from endlessly retracing your steps, ours have built-in shortcuts. Such as the unique HP Solve function for creating your own formulas. Menus, labels and prompts. Program libraries. Algebraic or RPN models.

Better algorithms and chip design help you finish much faster and more accurately than their way. So, whether you're in engineering, business, finance, life or social sciences, we've got the best calculator for you. For as little as $49.95. Check it out at your campus bookstore or HP retailer.

There is a better way.
